

Claims Administrator Status Report No. 4

We filed with the Court a fourth Status Report on February 15, 2019, and posted it on the [Other Court Filings](#) page of the Settlement Website. We file these about every three months to explain overall progress in our implementation of the Settlement. Claims Administrator Status Report No. 4 covers the period from our last report through February 11, 2019.

Our next Status Report will address events after February 11, 2019. If there is anything in Status Report No. 4 that you do not understand or on which you would like more information, contact us. Also let us know if you have any topics you feel should be covered in future Status Reports or through other means (like these newsletters, Alerts, or new FAQs).

A Message from the Claims Administrator

FEBRUARY
6
2019

If your client was examined by a doctor on or before February 6, 2017, and the doctor gave him a Qualifying Diagnosis based on that exam, the deadline to submit a Claim Package for the diagnosis was February 6, 2019.

If you missed that deadline, Section 8.3(a)(i) of the Settlement Agreement says your client cannot receive a Monetary Award for the Qualifying Diagnosis unless you can show “substantial hardship,” which means your client has a medical reason (beyond the Qualifying Diagnosis) or other good cause for being unable to submit a Claim Package by the deadline. If your client experienced a substantial hardship that prevented you from submitting a claim by February 6, 2019, send us a written request for more time and we will tell you if the request can be granted. If your client was examined by Qualified BAP Providers or a Qualified MAF Physician after February 6, 2017, and the doctor(s) found he had a Qualifying Diagnosis based on that exam, you must submit a claim within two years after the date the doctor made his diagnosis.

BAP Administrator Status Report

The BAP Administrator filed with the Court a Status Report on February 28, 2019, to summarize its work administering the Baseline Assessment Program (“BAP”) as of February 13, 2019. The BAP Administrator’s Status Report covers BAP exams and BAP Supplemental Benefits. We posted this document on the [Other Court Filings](#) page of the Settlement Website and encourage you to read it. The BAP Administrator will file these about every three months as well. Contact the BAP Administrator (1-855-887-3485, option 2) if you have questions about anything in its Status Report.

BAP vs. MAF Exams

Both Qualified BAP Providers and Qualified MAF Physicians can make Qualifying Diagnoses in the Program, but these are some differences to keep in mind:

	BAP	MAF
Who pays?	The Program pays for one BAP exam for each BAP-eligible Retired Player (it is free to the Player) to provide a baseline assessment.	Your client pays the Qualified MAF Physician directly (most physicians accept health insurance). You also may pay the physician on your client’s behalf for services rendered.
Which settlement administrator maintains the network of doctors?	BAP Administrator	Claims Administrator
Who sets up the exam?	The BAP Administrator schedules appointments with a neurologist and a neuropsychologist for your client.	You (or your client) must contact the Qualified MAF Physician to set up an appointment. Click HERE to search for a doctor in your client’s area.
Who examines the Player?	Two Qualified BAP Providers, a neurologist and a neuropsychologist, in two separate appointments.	The Qualified MAF Physician, and possibly a neuropsychologist, if referred for testing by the Qualified MAF Physician.
How do you get records from the exam?	The BAP Administrator notifies you of the results and provides instructions on how you can get the records. If there is a Qualifying Diagnosis, the BAP Administrator gives us the records. Click HERE to read an FAQ about this.	The Qualified MAF Physician must give them to you (or your client), upon request, and also must give us certain records if he or she makes a Qualifying Diagnosis.
Which Qualifying Diagnoses can you receive?	<ol style="list-style-type: none"> 1. Level 1.5 Neurocognitive Impairment 2. Level 2 Neurocognitive Impairment 	<ol style="list-style-type: none"> 1. Level 1.5 Neurocognitive Impairment 2. Level 2 Neurocognitive Impairment 3. Alzheimer’s Disease 4. Parkinson’s Disease 5. ALS

Remember, if your client is eligible for the BAP and was born on or before June 6, 1974, his [deadline](#) to take his free BAP exam is June 6, 2019; if he does not participate in the BAP and later receives a Qualifying Diagnosis, he may face a reduction in his Monetary Award.

Going to an MAF Exam

If you schedule an appointment for your client with a Qualified MAF Physician, remember:

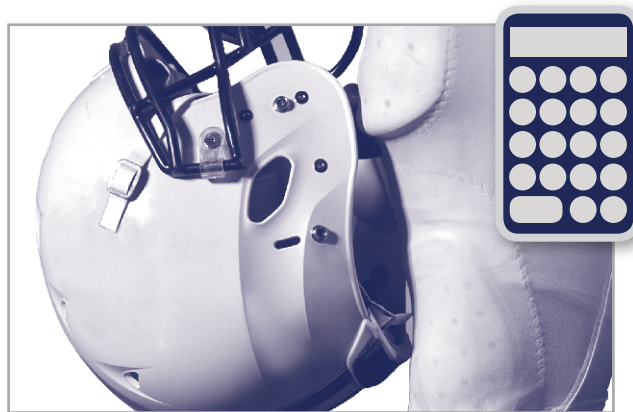

- 1** The doctor must personally examine him and cannot sign a **Diagnosing Physician Certification Form** based solely on a review of records from his past exams with other doctors.
- 2** The doctor may refer him for neuropsychological testing. This is normal, and your client should complete the testing.
- 3** The doctor must follow the **Settlement Agreement** and use his or her medical judgment to determine whether there is a **Qualifying Diagnosis**; do not pressure or attempt to coax the doctor to give your client a **Qualifying Diagnosis**.
- 4** You (or your client) can ask the doctor for the records from the exam, and he or she must provide them.
- 5** If the doctor makes a **Qualifying Diagnosis**, he or she will send us directly a signed **Diagnosing Physician Certification Form** and other records from the exam.

Let your Law Firm Contact know if you or your clients have any questions or concerns about setting up appointments with or being examined by Qualified MAF Physicians.

Change in Calculating Half an Eligible Season

We recently updated the [How to Calculate Eligible Seasons](#) guide and [FAQ 41](#) on the Settlement Website to reflect a clarification to how we calculate half an Eligible Season under the definition in Section 2.1(kk) of the Settlement Agreement. Co-Lead Class Counsel and the NFL Parties agreed we may count a bye week spent on a Member Club's practice squad

toward the eight games required for half an Eligible Season if on that squad. Please read Paragraph 28 of Claims Administrator [Status Report No. 4](#) for more on this change. If you represent a Player who was on a Member

Club's developmental or taxi squad and feel a bye week affects his calculation of Eligible Seasons, contact us.

Online Portal Survey Reminder

In our [December newsletter](#), we announced an online survey for portal users to give us feedback about using their portals. We made this survey available for each person who has a login ID to access your law firm's portal. We heard from several law firm users already (if you are one of them, thank you!), but there are a lot of portal users who have not yet completed the survey to tell us their thoughts.

We want to know how things are going so we can determine if there is anything we can do to improve our services. If you have not yet submitted the survey, you will see a blue "Survey" link on your portal home page (between "My Account" and "Log Off") that you can click to begin.

Please send us your thoughts!

Newsletter Topic Suggestions

When we launched the redesigned Settlement Website in November 2018, we included on the [Newsletters](#) page (where we post the current and past versions of these "Insights" newsletters) an online submission feature to let anyone send us topic suggestions. We try to cover in each monthly issue things we think you will find interesting or helpful, but we want

Have an idea for a future newsletter? Enter it here:

[Click Here To Send Your Idea Now!](#)

Submit

to hear your ideas on what you would like to read about in the newsletters.

We invite you to use this online submission feature to tell us your thoughts about what we should cover. You also can call or email your Law Firm Contact with your ideas.

We want to hear from you!

You can send materials to us at one of these addresses:
